

Cat6A SFTP Stranded Patch Cord 26AWG (LSZH) >

Our Cat6A SFTP Patch Cord is engineered for high-speed 10 Gigabit Ethernet applications and is perfect for EMI-sensitive environments. The stranded cable construction ensures flexibility, and the LSZH (Low Smoke Zero Halogen) jacket provides additional fire safety in confined spaces such as data centers and office environments.

SPECIFICATIONS

Particulars	Description
Product	Cat6A SFTP Stranded Patch Cord 26AWG (LSZH)
Brand	NEXA
Material	Stranded Bare Copper
Type	SFTP (Shielded Foiled Twisted Pair)
Compatibility	Cat6A / Cat6 / Cat5e (Solid and Stranded Cable)
Design	Toolless Snap-Lock Closure, Reusable Design
Wire Gauge	26AWG
Standard	International Organization for Standardization/IEC11801, TIA/EIA-568B.2-1, EN50173
Used	Data Centers, Patch Panels, Networking Installations, CCTV Systems
Max. Frequency	Up to 500 MHz
Shielding	Overall Foil + Individual Pair Foil Shielding
Connector	Shielded RJ45 Plug with 50 Micron Gold-Plated Contacts
Data Rate	Up to 10 Gbps
Certification	CE, RoHS
