

Cat.6 UTP Punch Down Keystone Jack >

High-performance jack exceeding TIA/EIA and ISO standards. Supports T568 A&B wiring with dual termination (110/Krone) and 180° orientation. Reduces insertion loss and alien crosstalk, with built-in strain relief. Available in multiple colours for patch panels, faceplates, and shutters.

SPECIFICATIONS

Particulars	Description
Product	Network 180degree UTP rj45 category 6 keystone jack
Brand	NEXA
Material	PC UL94V-0
Port	RJ45 available
Color	White, blue, black, yellow, red, green
Gold plated	50u"(available)
Other	LED light or dustproof door can be equipped.
Standard	International Organization for Standardization/IEC11801, TIA/EIA-568B.2-1, EN50173
Used	Data center, work area, management room, equipment room, etc.
DC resistance	≤ 300mΩ
Contact resistance	≤ 20mΩ
Dielectric strength	1000V(AC750V)1min
Insulation resistance	≥ 1000MΩ
Certification	CE, RoHS
